"Metallica Weekend"

Announcer: Brad Gibb

Date: April 17 – 18, 2010

[ID 1] It's like listening to a Metallica concert all weekend long. Without the pyrotechnics though, last time we tried that here I lost my eyebrow.

[ID 2] This weekend FM96 takes you back to the best of Metallica's long hair and epic handle bar mustaches.

[ID 3] Enjoy Metallica music for free, without a messy lawsuit with Napster. Who still remain unforgiven.

[ID 4] We can't decided if it's the unforgiven weekend, the unforgiven 2 weekend from reload or, the unforgiven 3 weekend from death magnetic. Ya know we'll just go with the original.
